👤 PROFILE

An efficient MERN stack web developer with an intuition for both system and UI design. Adept in improvising and adapting to challenges, with a proclivity to constantly optimize using creative approaches. Very research-oriented and thorough in her methods. Would like to bring her passion to any organization that appreciates it and presents ample intellectual challenges.

📁 PROJECTS

Lint ⧉
Github ⧉
Fullstack ecommerce website for apparels and lifestyle products.

💼 PROFESSIONAL EXPERIENCE

Full Stack Developer, *Revly* ⧉
05/2023 – present | Bangalore, Karnataka
- *Built their fully responsive website with dynamic elements, integrated SDKs for analytics and contacting leads.*
- *Learnt Svelte and added features and enhancements in their SDK.*
- *Acquired understanding of NestJS and TypeORM and built APIs, DTOs, CRON schedulers, automations and wrote complex SQL queries and logic.*
- *Used class validator and OOP to create complex settings with critically validated forms in their dashboard.*
- *Grasped Twilio services and built features like full-fledged Chat with media support, notification and links, note taking, offline calling and automated messaging, etc. to enhance their video calling app.*
- *Provided dynamic solutions and optimised code and workflow to ensure minimal future modifications.*

Tech Stack: ReactJS | NestJS | TypeORM | Svelte | Material UI | Tailwind CSS | SQL

Intern, *Shankus Medicity (Paediatric Neuro Center)* ⧉
10/2019 – 11/2019 | Mehsana, Gujarat
- *Conducted psychological mapping, audits & training; built protocols.*

🎓 EDUCATION

Full Stack Web Development, *Masai School* ⧉
08/2022 – 04/2023

Bachelors of Computer Applications,
Amrita Vishwa Vidyapeetham
07/2021 – present | Coimbatore

A Levels, *Divine Child International School*
04/2019 – 03/2021 | Ahmedabad

🖥 TECHNICAL SKILLS

JS | TS | ReactJS | Svelte | NextJS
NestJS | Chakra UI | Material UI | HTML
CSS | TypeORM | DSA | Redux | Testing
Class Validator | Python | JAVA | OOP
SQL | ML | Web Scraping | Data Science
Computer Vision

🤝 SOFT SKILLS

Research | Organization | Critical Thinking
Resourcefulness | Creativity

🏅 ACHIEVMENTS

Certified in Astronomical Data Science,
Spartificial ⧉

Machine Learning for Physics Application,
Spartificial

Complete Python Bootcamp, *Udemy*

Led the 3rd Top Team - Lunathon (Hackathon),
Spartificial with ISRO ⧉

🔧 INTERESTS

Sketching & Painting | Programming Games
Building ML/DL Models | Brain Science
